

Qualinet Industry Forum

Wed 07.11.2012

Place: Gent, Belgium
Contact person: Peter Schelkens and Judith Redi
Category: Events: Past events
Additional Information:

The **Qualinet consortium** (COST action IC 1003, <http://www.qualinet.eu/>) is proud to announce that this year the **Qualinet Industry Forum** will be held on **November 7th**, 2012 in Ghent, Belgium.

Qualinet, as the European network of excellence for research on Quality of Experience (QoE), organizes yearly its Industry Forum with the aim to outreach to industry and to foster interaction between the academic and industry actors in the domain of QoE.

The 2012 Qualinet Industry Forum will focus on recent achievements and mature QoE technologies, with an eye to (funding) opportunities for technology transfer and collaboration among industry and academia. Experts in QoE will address cutting edge topics such as HDR and 3D visual technologies, automated measures of QoE, Web and Crowd QoE, Certification and many more.

The full program for this year Qualinet Industry Forum, speaker information and location details can be found online at: <http://qualinet.creativemediadays.be/> .

The event take place in the context of the Creative Media Days (<http://www.creativemediadays.be/>), a series of conferences focusing on innovation and entrepreneurship organized by iMinds (www.iMinds.be).

Please join us for this unique event!

Looking forward to seeing you in Gent!

Judith Redi (Qualinet Industrial Forum Coordinator)

Peter Schelkens (Qualinet Industrial Forum Coordinator)
